Economic Development Grant. Groves Lloyd reported on the grant that historically has been given to Lodi Canning to reimburse sewer fees. Attorney Johnson is drafting an agreement for future rebates out of the wastewater utility.

Ostrander reported on a new TIF request and the connection of the property to the City's sewer. Stevenson noted an exemption was given for sewer connection to wait until the street is reconstructed. DOT plans do not indicate if the concrete will be replaced as part of the construction. It was recommended that the connection to sewer would be a requirement in order to receive TIF support. Ostrander noted that Ehlers will need to update the TIF documents to include the sewer connection.

Business Contact Update.

- Shell Station- planned to open September 1st. Appears that has been delayed due to the plan to replace the gas tanks on the property.
- 111 Main St- there is an accepted offer on the property. New owner plans to operate a restaurant/bar.
- Kwik Trip Expansion- Groves Lloyd reported on a meeting with the Kwik Trip corporate office regarding their plans to expand the existing site. In addition to the expansion they will also update their electricity from single to triple phase. They are also working on a parking plan for the site.

Next Meeting and Agenda Items. The next meeting will be Tuesday, October 13, 2020 at 4 p.m. at City Hall. Ostrander noted the agenda could possibly include a closed session to discuss additional information from Ehlers regarding the new TIF request.
