**Resolution Authorizing Wastewater Plant Equipment Replacement (UV System & Sludge Pump). MOTION** (Stevenson, Miller) to approve Resolution 21-11 Authorizing Purchase of UV System and Sludge Pump (Wastewater Treatment Plant). It was noted that three quotes were received and all used the same vendor- Trojan. It is a specialized field and there is only one vendor per region. The quote presented is from a company that has worked with the City in the past. Stevenson noted there are funds in the replacement account to cover the purchase and there are no other large expenditures anticipated in the future. It was noted that the future peak design of the new UV System is the same as the current system because the current system was already designed for future peak and is at 50% capacity. Roll call vote – Aye (Miller, Tonn, Clemens, Strasser, Stevenson, Hansen); Nay (0). **Motion carried.**

**Resolution Authorizing Director of Administration to Execute Financing Documents for the Lease-Purchase Agreement with PNC for Fire Engine 11. MOTION** (Stevenson, Miller) to approve Resolution 21-12 Authorizing the Director of Administration to Sign Financing Documents with PNC Finance for Fire Engine 11. Mayor Groves Lloyd reported the agreement concerning the purchase of engine 11 has been written and given to both towns. Town of West Point has approved the agreement and the Town of Lodi will consider the agreement at their meeting on February 23. Once the executed agreement is received from the Town of Lodi, the PNC documents will be signed by City officials. **Resolution Authorizing Request for Proposals for Cleaning Services. MOTION** (Miller, Strasser) to approve Resolution 21-13 Authorizing RFP for Cleaning Services. Stevenson inquired about a grading system for the proposals. Strasser inquired about the timing of the proposal. Ostrander noted it was due to the timing of the current contract which ends on or around June 30 of this year. (Note: after the meeting staff realized the start date of the RFP should be July 13, 2021 not January 1, 2022 as presented. The RFP was corrected prior to distribution).
